

Introducing the Constellation of Fuzz.

A multi-mode Germanium fuzz/booster inspired by british classic fuzz boxes of the past.

All analog, featuring NOS Germanium transistors for smooth and deep complex tone with amazing clean-up possibilities. We hand select 3 zero leakage New Old Stock Valvo OC45 Black Glass Germanium transistors for each pedal ensuring ideal performance and consistency.

Controls:

Voicing rotary switch: A smart switching circuit gives you 6 toneful fuzz / boost settings.

ff: Inspired by the Dallas Arbiter Fuzz Face, one of the most notable fuzz pedals in history

vtb: Inspired by the Vox ToneBender, a brighter but at the same time "polite" fuzz pedal.

3/2: Inspired by the Sola Sound Tone Bender Mk 1.5 often described as a darker and heavier Fuzz Face.

2: Inspired by the Sola Sound Tone Bender MkII, a wild saturated fuzz with lots of sustain.

rm: Inspired by the Dallas Rangemaster, a treble booster pedal typically used to increase treble content, gain and sustain of already overdriven tube amplifiers.

rmff: A custom combination of a treble booster into a fuzz face that gives a bright and nasty fuzz sound tailor-made to cut through the mix.

Gain: set the desired gain level and control everything from your guitar's volume / pick attack. Gain knob is inactive in "rm" mode.

Volume: set the output of the effect.

Disclaimer: Dallas Arbiter, Fuzz Face, Vox, Rangemaster, Tone Bender and Sola Sound may be registered trademarks. Crazy Tube Circuits Constellation is in no way affiliated with, endorsed by, or sponsored by Dallas Arbiter, Fuzz Face, Vox, Rangemaster, Tone Bender and Sola Sound.

Built with the best components available, features true-bypass and operates with 9V battery or external 9V DC regulated power supply (- center, + ring). Max current consumption 5ma @ 9V DC. Using a power supply of 12V DC or more may cause severe damage to the pedal and void warranty.

Note: Constellation is a positive ground circuit. Do not use a daisy chain power supply with negative ground effects.

Warranty: Constellation comes with 5 years warranty. We will provide service/repair at no cost for all internal parts, within 5 years from date of manufacture - buyer is responsible for shipping costs. This warranty excludes damages done due to misuse or improper handling.
